March 25th, 2020

Dear Business Partners,

For the past 16 years Klarwin's mission has been to contribute to the quality of life and the sustainability of society by engineering the perfect process towards optimum purity and cleanliness.

That is why we are looking with biggest concern to the current evolution of the COVID-19 pandemic in our country. And we take our responsibility by ensuring the continuity of all our operations in serving best our customers including the safety and health of both their and Klarwin's employees.

Even in this turbulent time we challenge 'the impossible' in offering our customers outstanding technological solutions for the reliable excellence of their manufacturing processes, and beyond.

It's about people. It always was.

In our office activities are fully operational. We moved to flexible work arrangements. All Klarwin team members are fully available to work remotely and support the requests of our partners and industrial manufacturers.

And those colleagues whose work requires them to be on the customer's site are fully equipped and prepared to safely continue their job responsibilities. Extensive prevention and disinfection procedures have been activated.

Every day our field service engineers keep in touch with the equipment operators in the designated area of activity, being proactive towards possible needs regarding the equipment they operate.

For our customers and partners:

No player can make it alone. We are proud to confirm that Klarwin is able to secure the continuity of supply even under major challenging circumstances for the items assumed under contractual agreements with our customers.

This is made possible thanks to our stock availability as well as extensive stock increase confirmed by our technology suppliers.

We will keep you up to date on the situation and adapt our operations to the guidelines given by the authorities and we encourage our customers, partners and friends to do the same.

Take care and stay safe for the sake of your precious health and the continuity of your business!

Best Regards,

Klarwin Team
